Thanks Forrest.

As the TOM and ATOM, Tt has been sending deliverables to us for us to send along to everyone - I believe that will continue here. So we'll forward it as soon as we receive it for your and the states comments, and then once we have those, we will finalize deliverables.

I can send a note out to schedule the call with Tt. Let me know your and the state's availability this week.

Thanks, Katie

Katie and Katherine -

Thank you for getting this done. I hope to set-up a conference call with the State and the contractor this week or next week as the latest. In terms of approval of deliverables (e.g., QAPP and proof-of-concept), once delivered by the contractor and reviewed by State and EPA Region, do you want me to forward to you all for approval as TOM and ATOM?
